

OTAGO TRAMPING AND MOUNTAINEERING CLUB

OTC / OTMC CENTENARY WEEKEND 2023

Centenary Dinner - Village Green Café & Bar *Saturday evening onwards - from 4pm*

The main centenary dinner is being held at the Village Green Café & Bar, located in the southern suburb of Sunnyvale (326 Main South Road, Green Island). Those who know Dunedin will know the local sports ground at Sunnyvale (adjacent to the former State Highway) - this is the location.

Te Village Green has a large off-street carpark area, and being on the first floor (there are lifts available), the venue has pleasant views over the sports ground towards Saddle Hill.

A programme for all attendees will be made available closer to the time, but the evening will feature a selection of speakers from different eras of the club, with Antony Hamel acting as Master of Ceremonies.

We intend to take various group photographs from around 4pm - at the 90th Anniversary we did this in decades, so will most likely repeat this format again. We have a professional photographer in attendance for other group or individual photos, copies will be able to be purchased following the centenary.

There is limited room for archival displays at the venue, so we will be running a slideshow of photos from our 100 years during the evening.

The dinner is a buffet, and our caterer is aware of and has allowed for all dietary requirements that were noted as part of the registration process. Drinks can be purchased at the bar.

We expect to welcome around 170 past and present members for this centrepiece of our centenary celebrations.
